

“I really enjoyed New Barn. We played lots of stuff. We did pottery, meet the animals, orienteering, learning the history of the village, learning about the Iron Age, and we had a disco. My favourite things were pottery and the disco.”

By Sofia Contal

“New Barn was brilliant! We had the best time messing about in the dormitory with our friends. I slept on the same bunk as Molly. We had a BBQ, a disco, Pottery, orienteering and so much more. I think we should go again.”

Rosie Glenn

*“We had a brilliant time at New Barn. I wish we could have stayed longer! My favourite part was seeing the animals and going orienteering. We had a disco and listened to my music on my I-pod! I had an amazing time but I was very glad when I saw my Mum. I would go there again.”*
