

What is Blue?

Blue makes me feel cold and wet.

Blue is salty like the sea.

Blue is the colour of my tears
running down my face.

Blue is the colour of
the warm ocean.

Blue is a blizzard icy cold.

Blue is a frozen pond.

Blue is a stripe on my shirt.

Blue is the colour of the
Chelsea badge.

Blue reminds me of the rain
falling from the sky.

Blue is the moon shining
in the night sky.
