

## *What is Silver?*

*Silver is the knight's armour shining in a battle.*

*Silver is the silver fish and the salty smell of cod;*

*A silver shark swimming in the deep.*

*Silver is the queen's crown on the statue of liberty.*

*Silver is the calm colour, you know that.*

*Silver is a spoon, knife and fork clattering on a plate.*

*Silver is a silky dress on the disco floor.*

*Silver is the pair of antique glasses on my Grampa's face.*

*Silver is the toy train chugging on the track.*

*Silver is a shiny bubble from the sink.*
