

Olivia Review

Nicholas Morrison

Year 6

This year's astounding performance of the play Olivia was on Thursday 17th and Friday 18th March 2011. I took the part of Ebenezer Scrooge. Mrs Beevor and Miss Wilson directed the play.

The play Olivia was about an eleven year old orphan who wasn't treated properly. Finally, one day she escaped from the orphanage and entered a Poor School for Girls where she joined the charity team. Then she sang, people loved her and she earned lots of money for the school. She discovered who her mother was because her mother had a flashback and was taken to a detective, Sherlock Holmes. She then found out that her daughter was Olivia.

The songs were amazing; everyone looked phenomenal and had an exiting time. After it ended we were collected by our parents.

As Ebenezer Scrooge I was an old grouch and a very rich business man in the end I became a really good man.
