

Avenue House School,  
Ealing  
15<sup>th</sup> April 2008

Dear Parents,

Welcome back! I do hope you all had a relaxing Easter break. The topics we will be studying are listed below:

Science: Healthy Plants, Rocks and Soils  
History: Anglo-Saxons and Vikings  
Geography: India  
P.S.H.E. Taking Control and bullying  
R.E. Symbols and Worship  
ICT: Real life simulation, Communication  
DT: Indian Textures, Sewing  
ART: Portraits

Please ensure that your child is well equipped for their lessons. They do need their own pencils, rubber, sharpener and ruler. A set of coloured pencils and a small glue stick would also be helpful.

This is a very busy term and this year it is longer than usual. We have the school play, class assessments, class trip, sports day, school fete and much more. You will be receiving the date list very soon. I am looking forward to us all having a hard working but enjoyable summer term.

Warm Regards,

Pam Sharma
